PROFILE SUMMARY

Junior Web Developer with hands-on training from the IT Career Switch Web Development Programme.

Experience includes front-end development with JavaScript as well as basic back-end development using PHP and MySQL databases.

Over 10 years of digital content creation, with online projects reaching more than 2 million viewers.

Strong problem-solving skills, attention to detail, and passion for building responsive, user-friendly applications.

British citizen — fully eligible to work in the UK.

Front-end: HTML5, CSS3, JavaScript (ES6+), Responsive Web Design

Back-end: PHP (basic), MySQL (CRUD operations), server-side form handling

Tools & Libraries: VS Code, Git (in progress), Bootstrap, Leaflet.js, REST APIs

Media Tools: Adobe Premiere Pro, YouTube Creator Tools

Other: Debugging, UX awareness, Agile basics, project organisation

PROJECTS

Gazetteer — Interactive Map Application

Tech: HTML, CSS, JavaScript, Leaflet.js, APIs, PHP, MySQL

- Built an interactive map with markers, clustering, and region-based data.
- Integrated dynamic server-side functionality using PHP and a MySQL database.
- Implemented responsive UI components and intuitive navigation.

Map Marker App

Tech: JavaScript, Leaflet.js, PHP, MySQL

- Created functionality for adding, editing, and removing map markers.
- Used PHP to store and load marker data from a MySQL database.
- Implemented coordinate display, pop-ups, and custom styling.

PROFESSIONAL EXPERIENCE

Digital Content Creator & Video Editor

2014 – 2024

- Produced and edited video content for long-running online projects with a combined

audience of over 2 million viewers.

- Managed the full production cycle: filming, editing (Adobe Premiere Pro), publishing, optimisation, analytics.
- Developed strong skills in consistency, creativity, time management, and working independently.

Barista — Coffee Shop, London

4 years

- Delivered excellent customer service in a fast-paced environment.
- Worked effectively in a multicultural team.

Teacher — Ukraine

1 year

- Classroom management, communication, planning, organisation.
